

Adam and Eve - written as the apple

I am just a useful apple,
Leave me how I am,
Leave me here longer.

You heard what God said,
Leave me how I am.

Bring peace to the world,
Make it best for the rest.

Look at all the other apple trees,
Why do you need me?

Out of all the apples in this orchard,
Why do you need me?

Just because you are not allowed.
Why do you need me?
